Pipettes

greiner
BIO-ONE

A close-up photograph of a person's hand wearing a blue nitrile glove, holding a white multi-channel pipette. The pipette has a black ergonomic handle and a white body with a black adjustment dial. The pipette tip is positioned over a white microplate with blue liquid in the wells. The background is a blurred laboratory setting with a person in a white lab coat. The text is overlaid on the right side of the image in white font on a dark blue background.

"An additional feature of the multi-channel pipette is the 360° rotational head giving the freedom to work in the most ergonomic position."

Sapphire Pipettes by Greiner Bio-One combine state-of-the-art engineering and design in the ultimate instrument for modern liquid handling.

SAPPHIRE PIPETTES OPTIMUM ERGONOMICS AND PERFORMANCE

Sapphire Pipettes are a variable volume range of air-displacement pipettes designed and built to deliver optimal performance, ergonomics, and robustness in day-to-day use. The lightweight design coupled with a special mechanism reduces pipetting forces and makes our pipettes both comfortable and easy-to-use.

The contoured body shape allows for a relaxed grip whatever size your hand, and the 3-position tip ejector

button makes pipetting comfortable for both left-handed and right-handed users.

Precision and accuracy is taken as read, with the Sapphire Pipettes performing well within the requirements specified in ISO 8655 forming the optimum solution for liquid handling when used in combination with pipette tips from Greiner Bio-One.

THE SAPPHIRE PORTFOLIO

- / **8 single-channel models with a volume range from 0.2 µl up to 10 ml**
- / **8 multi-channel pipettes (8-channel and 12-channel) with a volume range from 0.5 µl up to 300 µl**

EACH PIPETTE

- / **Has a unique serial number**
- / **Is fully autoclavable**
- / **Comes with a 3-year warranty**

PRODUCT FEATURES

KEY FACTS

- / Ergonomic design for optimum comfort
- / Lightweight
- / Minimal pipetting forces
- / Outstanding accuracy and precision
- / Robust
- / Fully autoclavable
- / UV-resistant
- / ISO 8655 compliant

ERGONOMIC & CONVENIENT

- / Lightweight, comfortable design
- / Soft-spring technology for low pipetting forces
- / Perfect shape for small and large hands alike
- / 3-position tip ejector for both left-hand and right-hand users
- / Long finger hook for a relaxed grip
- / 360° adjustable head for multi-channel pipettes to allow work in every position

RESISTANT & RELIABLE

- / Durable materials and design
- / UV-resistance over extended periods
- / Fully autoclavable
- / Unique serial number for easy tracking

ACCURATE & PRECISE

- / Large display for easy volume identification
- / Freely rotating push button to adjust the volume and to avoid accidental volume changes
- / High precision and accuracy
- / Optimal performance with Greiner Bio-One pipette tips
- / Compatible with other manufacturers' tips

SAPPHIRE PIPETTES

PERFORMANCE DATA

The Sapphire Pipettes perform within ISO 8655 which is considered the basis for determining the accuracy and precision of air-displacement pipettes.

The Sapphire Pipettes have one of the lowest error tolerances on the market. Test results are generated using Greiner Bio-One Pipette Tips.

Single-Channel Pipettes

Model	Volume range [μ l]	Sapphire Pipette Specifications					ISO 8655 Specifications
