CELLSTAR® / CELLREACTOR Polypropylene Tubes

The range of Greiner Bio-One tubes is very versatile and meets a variety of different requirements. All polypropylene tubes have very good thermal, mechanical and chemical stability. They feature precise graduation with a large white labelling field.

For technical information, please refer to the respective product data sheets on www.gbo.com.

- / 15 ml and 50 ml tubes for universal applicability
- / CELLreactor with filter screw cap for the cultivation of suspension cells and expansion of aerobic microorganisms
- / Light Protection Tubes for working with light-sensitive materials

KEY FACTS

- / Very good thermal, mechanical and chemical stability
- / With conical bottom for optimal centrifugability
- / 50 ml centrifuge tubes optionally with skirted design for use without rack
- / With blue or white screw cap
- / Packaging variants: bulk, in rack or tripple packed

Please find information on centrifuge capacity here:
