

BRINGS SAMPLES SAFELY TO THEIR DESTINATION

CONTAINER 60ml with absorbent pad and screw cap

The container is the perfect addition to the Greiner Bio-One transport line and brings all your tubes safely to their destination. The container is suitable for all standard tube dimensions: 13x75, 13x100, 16x100.

The cellulose absorbent pad in the container, surrounds the tube being transported and serves as additional protection. The container comes with a screw cap.

- / PP tube (polypropylene)
PET cap (polyethylene)
- / Particularly suitable for medical
and biological sample material
- / Robust and liquid-tight
- / Tube dimensions: 60 ml,
127 mm long, 28 mm in diameter

TRANSPORT LINE

Our Transport Line products ensure your samples arrive safely at their destination.

The range includes boxes and containers in many different sizes, as well as isothermal bags, cooler packs, absorbent liners and much more.
