PRODUCT MODIFICATION

CHANGE OF LABEL COLOUR

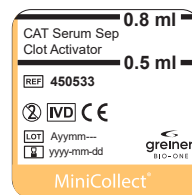

Dear Customer,

We would like to inform you that the colour of the labels of the MiniCollect® CAT Serum Separator Tubes will be changed from **red** to **dark yellow**. Even though there is no separate ISO standard for the colouring of capillary blood collection tubes, we still follow **ISO6710** in order to be able to present a uniform appearance across our entire range of tubes. Another advantage of this change is that the colour of the labels now corresponds to the colour of the caps.

NEW VERSION

OLD VERSION

NEW VERSION

The following item numbers are affected by this change:

Affected product	
Item No.	Description
450533	MiniCollect® TUBE 0.5/0.8 ml CAT Serum Sep Clot Activator gold cap
450548	MiniCollect® Complete 0.5 / 0.8 ml CAT Serum Separator Clot Activator gold cap, pre-assembled with Carrier Tube 13x75

Starting with **LOT2201- --**, the changes will be implemented.

If you have any further questions, please contact our Customer Service Team on 01453 825255 or email info.uk@gbo.com

Yours sincerely,
Greiner Bio-One.
