Heavy metals statement

Our raw material supplier confirm:

Heavy metals are not intentionally used in the raw material. Although the raw material is not routinely tested for their presence, based on product composition knowledge these substances are no expected to be present

However, the fact that these substances are not intentionally used in this product does not exclude that traces levels of these substances may be present as a result of the specific characteristics of the raw material and/or of the manufacturing process

Note: We do not analyse for above mentioned substances or compounds.

Please note that this confirmation expires after 12 months or in case of regulatory changes.
